CUSTOMER PROFILE

CAPE TRIB BEACH
HOUSE, Queensland

Cape Trib Beach House is situated in Queensland's "beautiful one day, perfect the next" tropical paradise of Cape Tribulation. Cape Trib Beach House has something for every one from back packers (it offers 60 beds in comfortable dormitory-style accommodation) to those seeking privacy and comfort in its 21 beachside en-suite rooms. Guests have excellent facilities - full bar service, bistro-restaurant and swimming pool.

Peter Kirchmann is Manager of Cape Trib Beach House and is very satisfied with the Starfleet software system which incorporates point-of-sale modules. He explains that prior to the installation of the Starfleet System, which replaced the previous booking and point-of-sale systems, there were problems getting the two parts of the software to work together. All that was overcome with the installation of Starfleet software. "I like the fact that it is Windows-based and is easy to use," says Peter Kirchmann. Peter is also impressed with Starfleet's excellent service, which he states was an important factor in its favour when selection of a management system was made.

HARDWARE AND SOFTWARE

Hardware comprises two PC's in reception, and two PC's in the back office. In addition, two Starfleet POS systems are 400 metres away at the bar and restaurant which is near the beach. Special network components were required to extend the network from the reception to the bar.
